

DECKING MAINTENANCE CHECKLIST

MONTHLY MAINTENANCE

- Clear away debris by sweeping off leaves, dirt, and dust to prevent staining and moisture buildup.
- Rinse the deck with water to remove surface grime, or use a gentle cleaner for more persistent dirt.
- Inspect for any loose or protruding nails and tighten them to maintain safety.

SEASONAL MAINTENANCE

- In spring and autumn, deep clean your deck using a deck-safe cleaner and a soft brush to remove mildew, algae, and embedded dirt.
- Inspect the wood for splinters, cracks, or warping, and sand down any rough areas.
- Apply a protective sealant to wooden decks every 1-2 years to guard against moisture and UV rays.

ANNUAL MAINTENANCE

- Conduct a thorough inspection of your decking boards and support structure for signs of rot, water damage, or pest activity.
- For composite decking, wash the surface with mild soap and water to remove any staining.
- Re-stain or reseal wooden decks if needed to preserve color and enhance resistance to the elements.

GET IN TOUCH FOR ALL YOUR PATIO AND LANDSCAPING NEEDS

Whether you have questions about our patio maintenance tips, need help planning your landscaping, or want a quote for a custom project, we're here to help! Our team at K&K Landscaping is ready to bring your outdoor vision to life with expert services and advice.
